

Office of Undergraduate Education

OU.E.GATECH.EDU

 @gtoue

 oue@gatech.edu

OUE's Mission

The **Office of Undergraduate Education (OUE)** is a unit of the Provost's Office and is led by the Vice Provost for Undergraduate Education. OUE works to develop an intellectual community at Tech and to foster faculty/student interaction on campus. OUE challenges students to become accomplished learners who are able to make meaningful connections among work, study, and community. OUE connects curricular and co-curricular offerings to assist students in developing a strong foundation for success, during college and after.

PROGRAMS & SERVICES

OUE's departments were created to enhance your time at Georgia Tech. Whether you need help with a challenging course, want to identify research opportunities, or find a co-op or internship, OUE can help. Learn more at oue.gatech.edu.

Academic Success & Advising

success.gatech.edu
